

## **COVID-19 Update 31/01/2021**

The health and welfare of our visitors and staff is very important to us. With new restrictions by government our face-to face customer service has been temporarily suspended.

Effective 9am Monday 1 February 2021, Araluen Botanic Park will no longer be available for public access, private functions or organised activities. Chalet Healy Café is no longer open to the public and administration will change to online and telephone customer service.

We will keep our online channels updated with any relevant information to assist enquiries. Visitors can call the Park during our operating hours.

Whist we cannot promise business as usual we will be doing our best in what is an evolving situation.

Management
